Perennials

Our Perennial Collection is a homage to timeless style and enduring elegance. It's a set of wardrobe staples and key garments to build the foundation of a well composed wardrobe. It's a great gateway for both existing and new clients to embark on their BLUGIALLO journey. It is the perfect introduction to a world where quality, and sustainability meet a personal, understated luxury expression.

Each piece in the collection is designed with modernity in mind, although ensuring a classic tailored cut and silhouette is kept to withstand the test of time. The design is meant to transcend the confines of seasons, keeping your wardrobe staples versatile, elegant, and, most importantly, perennial.

Shirting

THE KNITTED PIQUET

Perhaps best described as a modern classic, the comfort and casual elegance of our knitted piquet shirts is unmatched. Wear it with tailored trousers and a casual jacket for a contemporary, tailored look, or style it with jeans and chinos for more casual days. As easy to match as it is soft and comfortable. Available in a range of refined colors through our custom made shirting programme.

Suiting

Our Perennial Suiting is crafted with commitment to sartorial excellence, just like all of our suits. They're made using the finest canvas materials (wool, linen and horsehair) ensuring a durable and individual shape and drape for our suit clients.

To us, they are the foundation upon which a sophisticated wardrobe is built, catering to both first-time customers and seasoned sartorial enthusiasts alike. Although the design details of our suiting is alterable on our custom made suits, we recommend keeping a Perennial suit to clean design choices, highlighting the elegance in simplicity.

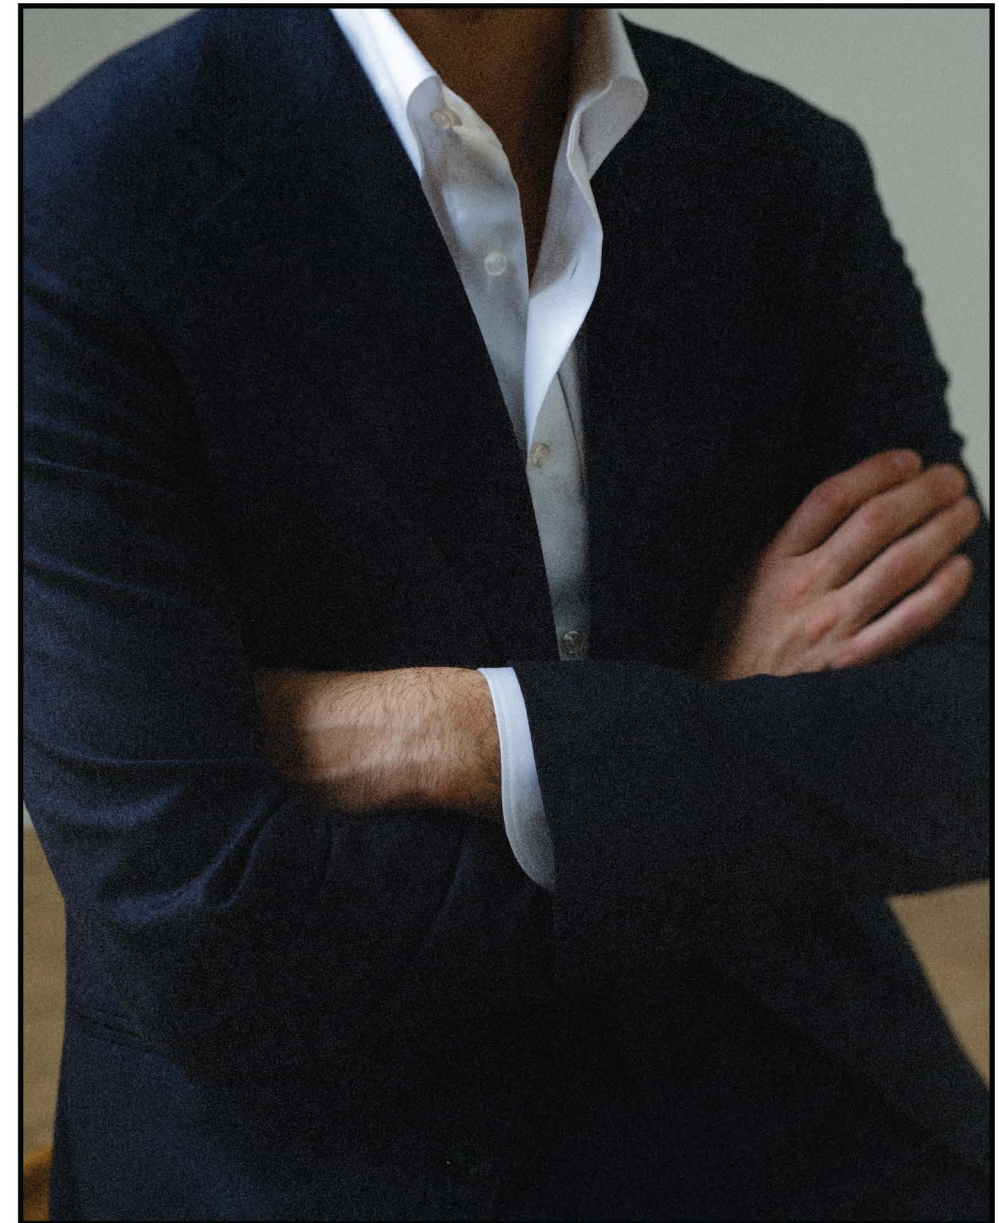

Perennial suiting is offered in selected fabrics online, with a broad variety of other options available through our custom made programme.

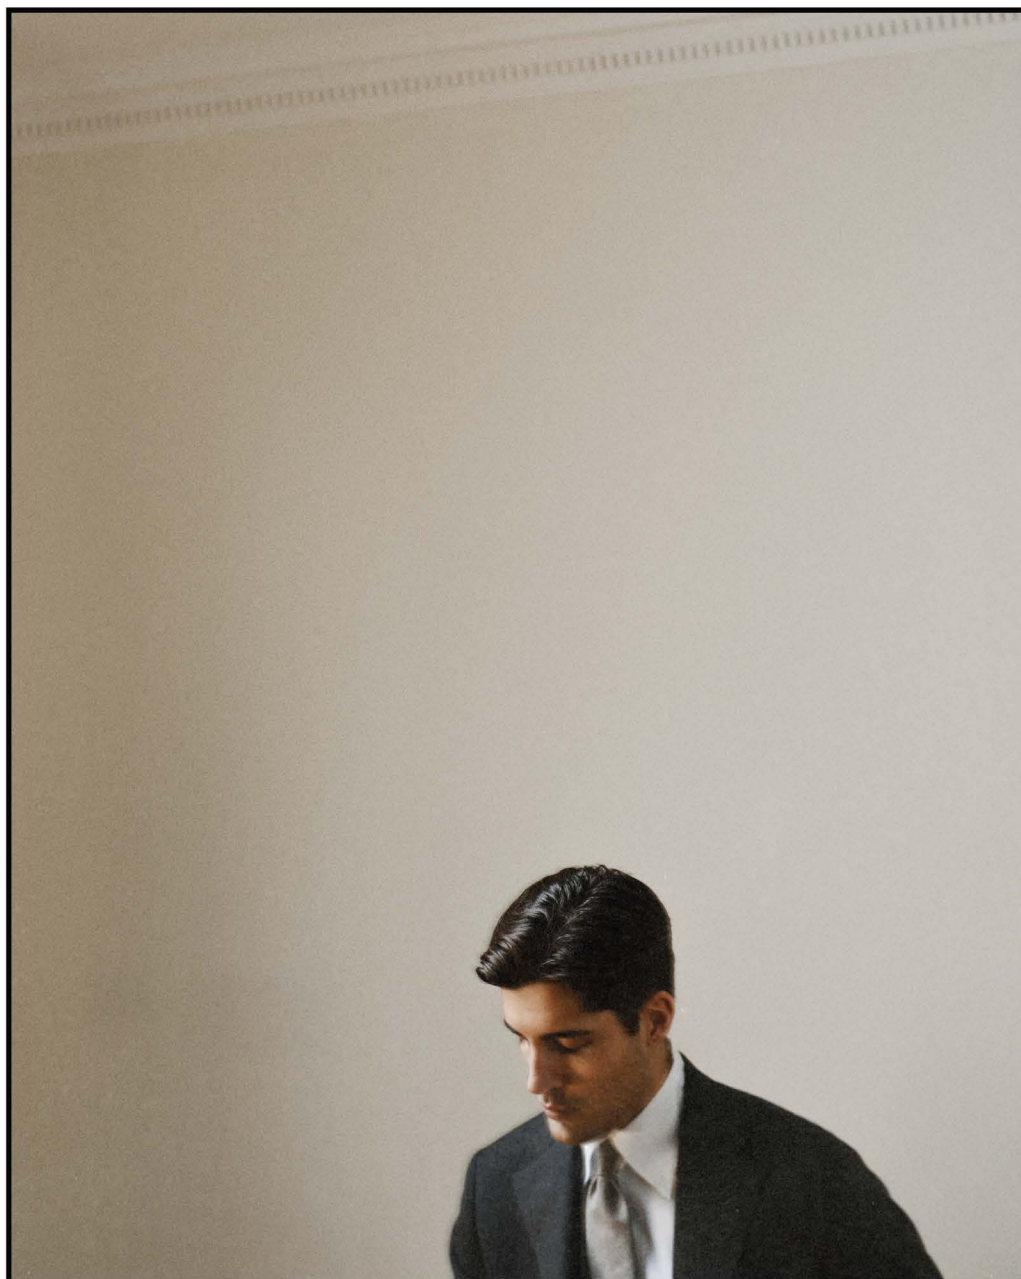

PERENNIAL FLANNEL SUITS

Our classic, entry level flannel is a perfect balance between weight and comfort. 'Italian flannel' because its Italian (really..) but also because of the nature of the fabric is less heavy than other flannels, like for example a British flannel would be. It also offers a more relaxed drape, making it perfect also for an unconstructed jacket as part of your flannel suit.

The adaptability of the flannel fabric really encourages us and our clients to express our individuality, creating looks of expressive luxury according to the preference of the bearer.

FLANNEL SUIT DESIGN TIP

For most of our BLUGIALLO suits, we recommend keeping a simple and clean aesthetic. This is especially true for our flannel suits, since it is an easy garment to break up and use as separate trouser or jacket. A good choice would be our signature look, with a jacket featuring a 'rolling' 2,5 button closure with notch lapels and clean straight jet pockets. For the trouser, we prefer a single pleated trouser with a straight finish.

Chinos

Made in Veneto, Italy, our chinos are the result of over 50 years of casual trouser excellence both in terms of fabric and craft. To us, they are a durable, contemporary staple. Designed for the modern individual, our chinos strike the ideal balance between relaxed and refined. Wear them high waisted with a relaxed clean drape and fit for the perfect match with everything from t-shirt, knitwear or casual shirting.

CHINOS HEAVY COTTON TWILL GREY

Custom tailored chinos cotton twill grey selected for it's durability and drape. The fabric weighs 465 grams with 1% stretch. This quality is well suited for year-round use and works, thanks to the heavier quality, even in the winter. A custom tailored trouser that you can easily pair with the matching blazer for a tailored style. Wear it with a white piquet shirt and a shirt jacket for a soft elegant look.

DENIM CONSIDERATIONS

The quality and construction of your jeans plays a very important part in creating a great product. When talking about a pair of high-quality jeans, there are mainly three categories or qualities of denim that you want to know about and that we offer.

These are:

- Raw selvedge denim
- Washed denim
- Washed selvedge denim

Knitwear

The Perennial knitwear collection focus on timeless staples both in terms of color palette and design. For this, we use a Superfine Merino wool quality - soft, durable and meant to be worn every (other) day. We only source the finest yarns from our Italian peers, and the production is truly something else.

Crafted in a small, family owned Atelier in Umbria, Italy - our knitwear is produced custom made, seem free, leaving no waste material. A true piece of sustainable art.
